

## GUIDELINE FOR REQUESTING A QUOTE and ORDERING CALIFORNIUM-252

### Quote Request

Please submit your request through our website "Contact Us" or "RFQ" options or via email to Sarah Donofrio at [s.donofrio@frontier-cf252.com](mailto:s.donofrio@frontier-cf252.com)

### **Your request should contain the following:**

- Company name and address with full contact name and telephone number
- The microgram content you are requesting a quote for (Cf-252 is sold by the microgram)
- The capsule model
- Delivery address to obtain a freight estimate. For international shipments, also provide the destination airport

You will receive your Quote usually within 1-5 days. All pertinent Information will be provided. Such as:

- Microgram content and price
- Model (if provided by the requester)
- Appropriate Type A shipping container and price
- Freight estimate (if delivery address/international airport was provided)
- Estimated Lead Time
- Payment Terms
- Quote Validity Date
- Sales Terms and Conditions link

### Prior to Submitting a Purchase Order

#### **The following steps should be taken prior to submitting your purchase order:**

- Ensure you are licensed to import, receive and store Californium- 252 on the designated site. If you do not hold a Radioactive Material License or an Import Permit, now is the time to look into obtaining one.
  - Site License: Contact your state governing agency
  - Import Permit: Nuclear Regulatory Agency
- Complete an End User Statement (EUS) and a Source Shipment Data Form (SSDF). Both of these forms can be obtained from our website at [www.frontier-cf252.com](http://www.frontier-cf252.com) or by requesting a copy by email.
- Determine your requested delivery date based on the quote's estimated delivery date suggestion.

### Submitting a Purchase Order

A purchase order must contain:

- P.O. number and date
- Company name, address, contact person and telephone number
- Consignee name, address, contact person and telephone number
- Ship to address (End User) with above information if different from consignee address
- Microgram content, capsule model type, shipping container model
- Date requested
- Price by item and total price
- Any special delivery requirements
